DECCAN EDUCATION SOCIETY:

Founders of DES

Bal Gangadhar Tilak

Mahadeo Ballal
Namjoshi

Vishnushastri
Chiplunkar

Gopal Ganesh
Agarkar

Vamanrao Apte

In the year 1880, the late Shri V. K. Chiplunkar with Lokmanya Tilak and M. B. Namjoshi started 'New English School' in Pune with the objective of 'cheapening and facilitating education'. In course of time Shri V. S. Apte, (M. A.), Shri. G. G. Agarkar, (M. A.), Shri V. B. Kelkar, (B. A.), Shri M. S. Gole, (M. A.), and Shri. N. K. Dharap, (B. A.) joined them.

This was a revolutionary step because Government Institutions and Christian missionaries were the only agencies involved in educating the masses and the education provided failed to generate leadership for industrial regeneration of a self-governing nation. Private enterprises in education were discouraged. With the idea of providing education to rouse the intellect, drooping will and slumbering conscience of the fallen countrymen, Deccan Education Society came into existence.

To incorporate a regular constitution on a new and more extended basis, these pioneers of innovative education called a meeting of the sympathisers with private education on the 24th October, 1884, and at that meeting the Deccan Education Society was formed and the New English School, (Tilak Road, Pune), placed under its management. On the 13th August 1885 the Society was registered under Societies Registration Act XXI of 1860. Since that time several institutions have been created and have been placed under the management of the Society.

CIMDR AT A GLANCE

The Institute conducts Master of Business Administration (M.B.A.) programme of Shivaji University, Kolhapur from June, 1984 and it is approved by All India Council for Technical Education (AICTE) New Delhi since 1994.

CIMDR is a community of students, staff and faculty striving to be vibrant with learning processes, which allow individuals to be independent while being effective with their capabilities and creative with their energy

Today it is one of the leading management institute in the Shivaji University area offering three courses, viz : Master of Business Administration (M.B.A. : Two years full time post-graduation in Management), Diploma in Business Management (D.B.M. : one year part time diploma course for working executives), Bachelor Of Computer Application (B.C.A : Three years graduate degree course). Bachelor of Business Administration (B.B.A.: Three years graduate degree course).

Specializations offered in MBA Programme are Marketing Management, Financial Management, Human Resource Management, Computer Management and Agricultural Management. Computer Management and Agricultural Management is a recent addition enabling students to take up jobs in IT sector as well as Agro industrial sector.

Over the years MBA programme attracted talented students from various states of India. 2003-2004 passed out batch represented almost 10 states of India.

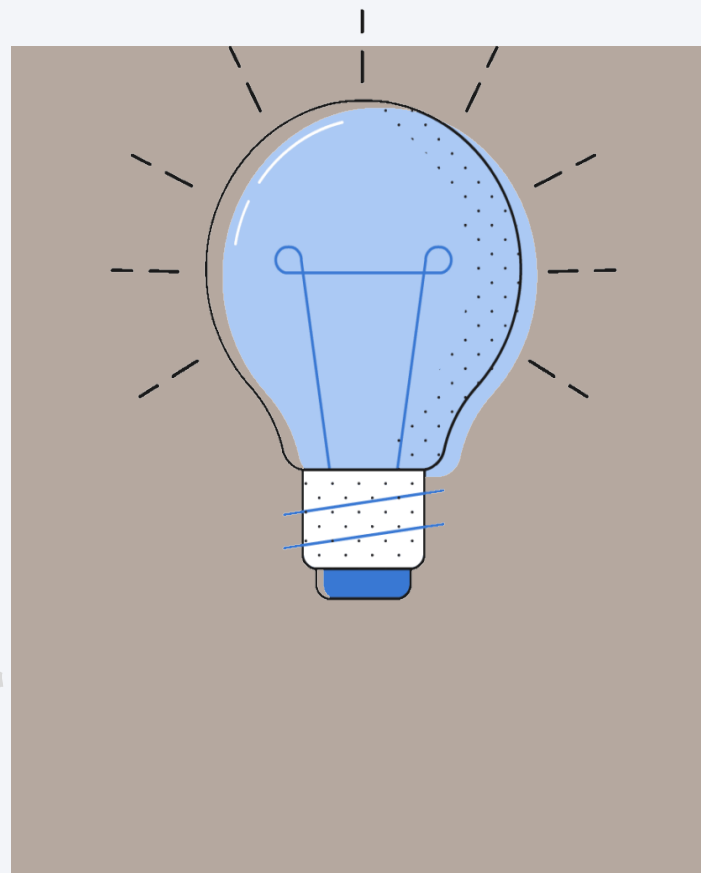

VISION & MISSION OF CIMDR

Vision

To develop a foresight among students by equipping them with modern and ethical business, knowledge, to enable them to create their own space in the global scenario.

Objectives

Make sure to feature your bestsellers or signature products or pieces. Keep it simple and to the point by listing the name, price and brief description.

Mission

To participate in the development process by imparting modern and ethical management education to young student, executives and others in the society who are striving for individual, organizational and social development.

Quality Policy

"We work as a team of learning people and educators and are committed to impart the knowledge gained from various sources and created by way of research, to the students to enable them to be effective executives & citizens."

DIRECTOR'S DESK

I the undersigned Dr. Rajankumar Kamalakar Shrikhande , B.Sc.(Stat), Willingdon college 1983, MBA (Marketing and Production Mgt.) Chintamanrao College of Commerce, 1984 (first batch) , Shivaji University , Kolhapur and Ph.D. in Business Administration (Advertising Mgt.) 1990 from University of Poona. I am a marketing communications and brand management professional , created Bajaj Auto brands, AT and T brands Ultratech cement, RCF -Fertilizers etc. since 1986.Travelled USA for International assignments. In the year 2002 took a decision of working with academics and started carrier with Symbiosis Institute of Business Management , SCMHRD , SIMS, SCDL , SITM , SIMC , SIIB , all Symbiosis International University , Institutes , Jamanlal Bajaj Institute of Management Studies , Mumbai , IIEBM Pune and Balaji Institute of Modern Management and Balaji University in Pune and developed industry institute partnerships , NAAC and NBA accreditation processes.

Now working as a advisor to various US clients in IT / ITES sector and helping some management schools to upgrade their AICTE approved institutes to the university. In management schools helped placement of students for summer internship programs as well as final placements. As far as my hobbies are concerned played cricket upto university level. Played on behalf of banks in pune, acted as a model for various advertising campaigns – like Bajaj 4S champion , Bajaj M80 , BPL sanyo , RCF – Biola etc. Acted in Marathi dramas , ZEE TV serials and Marathi movies. My focus in CIMDR will be to help all my publics , to develop their personality. My philosophy is Peter Drukar's Statement "Innovate or Die".

Business and industry being integral part of the society cannot remain untouched of this disruption. As a B-school we are closely monitoring the change that the industry is passing through. International trade pattern is shifting drastically. Business models that were effective before Covid may not be relevant in the era after Covid. If business models are redefined after this pandemic, then the skills and knowledge required to run these models would in turn show a change as well.

Every problem has an opportunity hidden in it and today's situation is no exception. Dear Students I am very positive about avenues that will open up for those who are fast to adapt and adjust to these changes. Computing skills, Analytical Skills, communication skills, e-communication skills, digital marketing skills, IOT, Artificial intelligence , machine learning , business analytics , skills required to work from home, investment management skills, are some of the skills that will be in high demand in current scenario.

The CIMDR has pragmatic approach in adapting to micro and macro environmental aspects. We have proactively redesigned our student development model that will address requirements of new business models and new Economy. Even during lockdown the CIMDR was fast to cope up with online training, teaching and evaluation. Graduates of this institute are not only equipped with professional skills but also connected with social issue making them a humane manager. Friends as a head of this institute, I assure you that management, staff and students of this institute will always abide themselves to the values and philosophy laid down by great founders and pioneers of Deccan Education Society.

How Business Efficiency of SME / MSME can improve

What is Business Efficiency ?

- Business efficiency means maximizing your outputs from your given inputs – or making the most of your resources.

input → process → output Maximized → Increase Profit Margins

- Helps you to focus on activities where you can cut down on the time you're spending on a particular task.

How Business Efficiency of SME / MSME can improve

Review & Build Robust Processes

- Involve TEAMS
- Identify the problem processes or use 80-20 rule
- Brainstorm to identify process gaps
- Check whether you can

Simplify	Outsource
Eliminate	Automate
Replace	Reduce costs
- Define responsibilities
- Redesign and create effective processes
- Implement the new process and review progress
- Repeat

Did you know this ?
94% of problems in business are system driven and only 6% are people driven.
